General Information

Guarantee

Access Hardware guarantees the products in this catalogue against defects in workmanship and materials subject to fair wear and tear in standard atmospheric conditions for a period of 10 years.

Access Hardware assumes no liability for:

- Improper installation or failure to follow fitting instructions.
- Improper maintenance or unfair wear and tear.
- Indirect or consequential loss or damage.
- Cost of removal and/or replacement.
- Cost of freight and/or travelling expenses.
- Although our stainless steel products are suitable for most applications, neither grade 304 or 316 is unconditionally guaranteed and advice should be sought from one of our representatives.

Care and Maintenance

To retain the highest corrosion resistance it is necessary to keep the surface of stainless steel clean. This can be done by wiping with a warm clean cloth using either a mild detergent or soap, then rinsing with warm clean water and drying with a towel. Carbon steel brushes or wire wool should not be used. Comprehensive instructions are available upon request.

Change of Product Specifications

As a result of continuous improvements to our products, we reserve the right to alter standard product specifications and dimensions without prior notice.
