

# Glassmaster 100™

**The top of the range GLASSMASTER 100™ offers the ideal solution for architects, interior designers and other specifiers seeking to create a sophisticated and stylish sliding glass partitioning system.**

Easy to use and assemble, GLASSMASTER 100™ is a cost-effective way of adding distinction to any interior project and is particularly suitable for glass partitioning systems. It offers a contemporary aesthetic look, featuring exposed fittings in 316 grade stainless steel.

GLASSMASTER 100™ has been developed for use with 10mm or 12mm toughened glass. In tests, the system continued to perform with a weight of 100kgs for over 100,000 cycles without failure.

GLASSMASTER 100™ is supplied in 2.1m or 2.5m track kits.
